### A TERRIBLE CALAMITY.

On Wednesday the 27th of April, a terrible disaster occurred in Richmond, Virginia. The gallery of the room of the Court of Appeals fell and the floor followed, falling into the House of Delegates. There were about sixty people killed and some two hundred wounded. The City of Richmond is in mourning.

### ELECTIONS IN INDIANA.

The election in Madison took place on the 3d inst. The Democratic Mayor was elected by two hundred and six majority. Last year this city was strongly Republican. Columbus is redeemed. The Democrats elected all the city officers by 117 majority.

Peru gave a Democratic majority of 231—a gain of 150 over the last election. Negro suffrage was brought to bear in each of the above cases, and the result is most glorious. So will it be all over the country, where reason and common sense reigns.

### FROTHINGHAM.

Is the name of a fellow, who professes to be among those, who are chosen to teach a lost and rained world the way to heaven. He is a Northern Bible Mauler, Pulpit-howler, and Psalm-singing whang doodle. He lives in New York City, and votes the radical ticket. He was present, when H. W. Beecher, so called Reverend, (another dog of the same stripe of Frothingham,) married Mrs. McFarland to Mr. Richardson, which was contrary to the laws of God and man.

Frothingham dis-courseth every Sunday at his so-called sanctuary, to a people doubtless as low down and degraded as himself—at least they must be, or they would not permit him to preach for them,) and when a people, calling themselves Christians, entertain notions like Mr. Frothingham, they should most assuredly get themselves into some organization, and call it a church or any other name, so that they can be distinguished as far as possible from other people of the world.

The papers of New York City declare that this fellow F., asserted the following sentence in one of his unique sermons on matrimony recently: "The laws of matrimony should be so remodeled that the husband and wife could not be jealous of one another—so that the bond should not be merely a legal one, but that a condition of marriage should be a permission to each to act as he or she thought proper, and at the dictates of the feelings and affections."

To be astonished, says a Western Editor, at anything that may turn up now-days, is evidence of a want of polish. We confess that we are not astonished at any proposition that may come from a people like those of whom this fellow F., forms a part.

We were not astonished because Bishop Johns, the radical orator of the other day, at this place appointed himself a committee on legs at the Campbell Fair.

We were not astonished because that radical Northern Methodist, the Reverend Cooke, of New York, eloped with a school-girl—not because one of his worthy sisters in

his church declared afterwards that he (Cooke) was a lovely man. We were not astonished when McFarland, a radical Irishman, killed Richardson, another radical, for running his family and wife—and we would not be astonished if McFarland killed more of the male and female rascals connected with the affair yet.

We are not astonished that such doctrines are preached from the pulpit in the North, because the radicals in that country don't propose to live up to any well settled principles of constitutional law or gospel—and as they violate the former, without fear or favor, how can it be expected that any respect will be paid to the principles of the Bible.

This Frothingham's sermons very clearly indicate that the radical party, which we understand he is a very respectable member, is certainly a "liarlot"—and this is an attempt to make some of its members respectable in death, if they have not been in life.

### THAT POLITICAL MUSS.

Gov. Stevenson has published his answer to Senator McCreery. It is a horrid concern. In fact we might remark that it looks rather snaky to us.

Throughout the entire letter, there is apparent a strong, an ardent, a prayerful desire to find some one on whom the paternity of the scandal may rest; and while the Governor is struggling to clear his own skirts, and get his own door-way clean, he sweeps the dirt (how very reluctantly,) upon Hon. T. L. Jones. The Governor and Jones were fast friends, and as a matter of course it was an up-hill business to undertake and say all that has been said against Jones, especially after that gentleman had denounced the report, that he had said that he saw a paper recommending Burbridge to the President with McCreery's name on it, a lie and a slander. We cannot conceive the degree of pugnacity to which our Governor worked himself up to do this thing. How terribly harrasing it must have been. If he had been as good on the fight as he is on the write, Hon. T. L. Jones would have been sent long since where the "Woodbine twin eth," but "you see judge, it ain't just so." In the letter there is nothing to recommend it to the general reader or we would publish it. The muss is between Stevenson, the Frankfort clique, and Senator McCreery. That Frankfort clique want all the offices. There is not an office within the gift of the people that this Frankfort clique don't dictate a candidate, and they will compass heaven and earth to force him upon the people. Stevenson assisted by that squad of Corn-rants, in Frankfort was forced as a representative to this State to the U. S. Senate—and not satisfied to beat the people's representative, McCreery, he must needs backbite him.

Stevenson's reply is not satisfactory. When Stevenson's name is mentioned, the people shake their heads, and declare they have had enough of him. Our people will get enough of him before he goes through the Senate.

### THE DISINTEGRATION OF THE RADICAL PARTY.

The leaders of the Republican party, who have been scourging the country with taxation, such as no other people have suffered, and still continuing in a course unwarranted, unconstitutional, oppressive and tyrannical, have discovered, we believe, that their policy, is certainly destroying their party, and that the power which the radicals, such as Sumner, Butler & Co., have possessed will be lost entirely, inside of three years. We say the leaders are alarmed for the safety of their party, and well they may be. They are holding secret caucuses, as we learn, and making desperate efforts to keep up their sinking ship, and keep their voters in ranks, but at every election that has taken place since the fraudulent adoption of the XV. Amendment the Black Harlot party, has been repudiated by the white people. The white people can not stand too much of the "nigger."

They could afford to shout "huzzas," and "hear! hear!" to all the speeches and laws which were made to give Sambo his freedom, because it seemed at the time that it would cost nothing to anybody except the slaveholder, and he lived away down South, so far from Yankee civilization, that "we," the sovereigns of the Northern States, could not feel the loss, or be affected, if

they should desire to make a fuss. The freeing of the nigger cost the people of the North more money and blood than they bargained for, and they feel like they had paid a dear and heavy amount of money for the whistle.

No people on the earth, who permit themselves to be led into fanatical schemes by unprinciples politicians, and a lachrymose Priesthood, such as fill the pulpits of the churches in the North, may never expect to land their crafts much short of Pandemonium. To that point the American government is steering rapidly. But the people favored the freedom of the nigger, as we have said before. They did not bargain however, to give him all the privileges which they possess, and when Congress assumed, and conferred the right of suffrage upon the nigger, they done so without the consent of their party, and their people. We assert it, that the republican party leaders have never dared to advocate, openly, negro suffrage. Look at Ohio, how the office hunters avoided a discussion of the question—and how have they evaled the proposition to make negro suffrage a plank in their Platforms. They have never dared to make it a point before the people.

And now every white man, who has a particle of self-respect left within him, can join the Democracy and vote the Democratic ticket, and can not be charged with inconsistency. The radical leaders in power have required republicans to fraternize with negroes—they have passed a law forcing them to, and the white rank and file of the republican party owe it to themselves and especially their country, to repudiate all such leaders and all such laws.

Every voter should make a vow to vote against all men, who mis represent their constituency, and do it forever and eternally.

The white republicans in Illinois have commenced the work already. They have determined not to be degraded to the level of the nigger, and have shown much pluck in opening the fight.

The issue was a straight fight—the whites vs. the niggers—read this dispatch:

QUINCY, Ill., April 18.—The Democrats of Quincy today gained the most glorious triumph ever achieved by them. They have elected their entire general ticket and all the Aldermen. Maj. Joseph Rowland is elected Mayor by a handsome majority. The radicals made a desperate struggle, and some 200 negroes voted solid with them. The Democratic ticket was run upon a square issue as the "White Man's" ticket, and the result is significant. Last year, a radical mayor was elected by an overwhelming majority. To-night guns are firing, bands playing, and a general jubilee prevails over the white man's victory.

So we go. This is the first victory we have had to record of the triumph of "White Supremacy." We hope it won't be the last.

**CAN'T STAND IT.**  
The Danville Advocate says: At a public meeting at Stanfor, held lately, we learn that Wm. O. Hansford, heretofore a prominent member of the opposition party, publicly announced that he desired "to join the Democratic church." On motion of Judge Higgins, he was unanimously received into "full fellowship." The truth of the matter is, a large number of union men who have heretofore acted with the Radical party can not and will not stand the 15th Amendment. It would not greatly surprise us if the Radicals will lose as many white votes as they will gain negro votes by this measure. The mountain counties of this State have been the strongholds of this party, and we expect the elections shortly to come off will show a large decrease in the Radical vote and a proportionate increase in the Democratic.

**SINKING AND BURNING.**  
It is not necessary to journey from the tropics to Alaska in order to experience the extremes of heat and cold. Thousands undergo all the inconveniences of this thermometerical change every day, or every other day, as the case may be, without the trouble of moving over the threshold. A word with these involuntary shakers. What are they doing to expediate their return to a medium temperature?—to break the chills and banish the fever? Are they dosing themselves with quinine, thereby imperiling the soundness of their bones and impairing the vigor of their brains and nervous system? Some of them are no doubt, but not the majority of them, it is believed. The value of Hostetter's Stomach Bitters, as a harmless and certain specific for fever and ague is understood and appreciated in all parts of the country where late attacks prevail. The combined action of the medicine to take it early in the spring as a protection, a banish the miasma by which they are surrounded; not all of them, perhaps, for a blind adherence to error is the bane of some people, but the greater number.

If there is any fixed fact in therapeutics it is this: that the Bitters are a far better safeguard against all the varieties of periodic ailments, produced by malarious exhalations than any drug or compound in the materia medica of the profession. This assertion is made with due respect to the long and high standard of purity and excellence, and the health of thousands of large settlements in various parts of the country, and in local of the public at large. It is made fearlessly, founded on ample and favorable testimony. It defies disproval.

To break up chills and fevers, as well as to prevent them, there is nothing so reliable as this wholesome vegetable restorative. May 5, 1870—Imo.

**"The Heated Term" is Coming.**  
The Summer months will very soon be fairly ushered in with their ordinary weather and long train of diseases. It is the season when nature can do little in recuperating our exhausted strength, and when we are required to fortify our physique against the dangers arising from the universal prevalence of sickness. The only true safeguard is that sure and reliable tonic and invigorator, MISSELL'S HERB BITE, which is endorsed and recommended by the medical faculty and by distinguished laymen, and of persons, in every city, town and village in the country, who have tested its remedial virtues, and by its aid, preserved or recovered their health. It will purify the Blood and Secretions; cure every form of Indigestion, and afford immediate relief in cases of Dysentery, Colic, Cholera, Cholera Morbus, and kindred diseases. Provide yourself now against a time of need. Delays are often dangerous. May 5, 1870—Imo.

**ERRORS OF YOUTH.**  
A gentleman who suffered for years from Nervous Debility, and who had been the victim of the effects of youthful indiscretion, and the effects of suffering humanity, send true to all who need it, the receipt and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence,

**WON'T STAND IT.**  
HAYLANDSVILLE, KY.,  
May 3, 1870.  
MR. A. J. MOREY:—DEAR SIR:—I see in your last issue of the Cynthiana News, my name reported as one of the Working Committee for the Richmond Precinct. The Republican Convention of this county, was not authorized by me, to use my name in any way. I have not voted for six years, and do not consider myself a member of any party. If I ever vote again, it will be with a party composed of White Men, and not made up of all shades.

Serving on Committees with colored gentlemen, is an honor I cannot appreciate, and do decline. This is more than I bargained for.

Respectfully,  
E. J. MORGAN.

HARRISON COUNTY,  
April 30th, 1870.

MR. EDITOR:—Will you please permit me to say through the columns of your paper, that I have never permitted my name to be used by any party, for any purpose—that permission has never been asked or granted, for committee purposes or otherwise; and I now announce that I was not at the Republican Convention which met at Cynthiana, April 23, 1870, and that my name was used as a "working committee" for that party without my consent, and I desire that it shall be stricken off.

Respectfully, &c.,  
HENRY ROBERTS.

**Koskoo.**  
This medicine is rapidly gaining the confidence of the people, and the numerous testimonials of its virtues given by practitioners of medicine, leave no doubt that it is a safe and reliable remedy for **INFANCY OF THE LIVER, LIVER DISEASE, &c.**

The last Medical Journal contains an article from Prof. R. S. Newton, M. D., President of the E. Medical College, City of New York, that speaks in high terms of its curative properties and gives a special recommendation of Koskoo to the practitioners of medicine. This is, we believe, the first instance where such medicines have been officially endorsed by the Faculty of any of the medical colleges, and reflects great credit upon the skill of Dr. Lawrence, its compounder, and also puts "Koskoo" in the van of all other medicines of the present day.

## The Greatest Curiosity of the Age.

Yesterday, Mrs. Eliza Rees, living about 4 miles from Cynthiana, gave us a chicken head, on which were two perfect bills, and three eyes, one of which is placed in top of the head, in a line between the ears. Mrs. R. says this chicken was hatched on her farm, and is no humbug. It can be seen at the News office.

## New Firm.

We understand just as we go to press, that Mr. R. Powell, has associated with him in the lumber business Mr. Kearns. Also, they have now a Saw Mill connected with the business. Mr. K. runs the Mill, and Mr. P. takes care of the yard.

## Opening of Summer Millinery.

Mrs. L. Bents, Pike street, North Side, will open on Thursday, May 5th, 1870, a large assortment of Summer Millinery, embracing all the varieties of the Season. The ladies of Cynthiana and surrounding country, are respectfully invited to call and see the styles.

## Church of the Advent—Protestant Episcopal.

The Mite Society will meet on Friday evening, at the residence of C. B. Cook, Esq., at half past seven.

## Very Sick.

We regret to learn that J. A. Bell, Esq., Editor of the Georgetown Times, is very sick—with Typhoid.

## Error.

We omitted to put the word Chairman after Rev. S. Straw's name, in the proceedings of the Republican Convention which was published in our last issue. Rev. S. Straw is the colored Methodist Minister in this city and was Chairman of the Committee on Resolutions, at the Republican Convention which met April 23, 1870.

## Trotting.

W. W. Smith, of this city, will trot his mare "Minnie" on the 13th inst., at Lexington. If she can trot a mile in three minutes, she wins \$300. If she can't, Smith pays that much to another man.

## Our Old Graveyard.

Our old graveyard is in a terrible condition, the fences going to pieces and unless our city council shall take it under their care and keep it up at city expense, we shall see it used for a cow pasture for all the town. We hope the council will take the matter up.

## The Circuit Court.

Of this county, met last Monday, with Judge O'Hara, on the bench. The business is unusually large, and interesting. This is a matter of course make our Lawyers' Eye balls jingle. Litigation is their business. Hon. Garrett Davis, and Ex-Judge Donohue, are in attendance.

## School Trustees.

Trustees of the Common Schools who have failed to make the census report of the children residing within their districts, are requested to attend to it at once, and report to the School Commissioner by next Court Day. Those who neglect to do so, will draw no portion of the Public School Fund for the next School Year, which begins on the 1st day of July next. The new School Law will be furnished to Trustees by calling at the office of the School Commissioner.

## Whisky.

Mr. G. R. Sharpe, sold one hundred barrels of old copper Whisky to Mr. Purnell, of Millersburg, at \$2 per gallon. It was splendid.

## Sale of Property.

Last Saturday evening, Mr. A. W. Lydick, Auctioneer, sold for T. V. Dills, his town property. It brought good prices.

Mr. J. A. Wolford, gets the house, for which he gives \$5,175—and the same gentleman, bought a lot 65 feet front, for which he paid \$10.30 per foot front.

Mr. Silas Stierman bought two lots on Church street, each 50 feet front, for one of which he paid \$9.30 per foot front, and for the other he gave \$5.55 per foot front.

Henry E. Swanham bought two lots on Wilson's Avenue, for which he paid for one \$4.70 and for the other \$3.90 per foot front.

T. A. Frazer, purchased 20 feet of ground which the Council had passed an ordinance to take up as a street, for which he paid \$7.30 per foot front.

On the same day, Mr. W. B. Glave, Auctioneer, sold the house and lot belonging to B. C. Day, on Walnut Street, for \$2,535 to Wm. A. Cook. These sales we understand, are made for half cash and half in twelve months.

## Town Talk.

Mrs. W. Magee, Jr., left Cynthiana week before last, for Kansas City. Mr. M. has been in that city several months.

The weather is quite warm in Cynthiana, just now.

Young Wittman has lots of flowers for sale.

Next Monday is County Court Day in Cynthiana.

Dr. Smith, the Veterinarian, has just put up a new and unique sign. Little Boys should keep off the Streets. One made a narrow escape the other day. He would have been run over but for the great caution of the driver.

Let us suggest that the admirers of Dogs should form an Association, and bring a few more into town. We need them very much.

We notice several houses for rent in town. It is said they will continue in that condition.

James A. Cook lost a Gold Sleeve Button last week, with a letter "C" on it. He will give a reward for its return.

Cynthiana presents a lively appearance just now. In fact it is always lively. Chicago, Jr., that's good.

Whisky is cheaper. We notice that it can be had for 10 cents per drink.

Next Tuesday night, the regular meeting of the Common Council, will be held.

We understand that a Tobacco Manufactory is about to be established in Cynthiana.

As much has been said about Uncle Jose Shawhan's Land, let us give the facts in the case:

He owns in Harrison, 2,450 acres—in Bourbon, 560 acres—in Scott, 360 acres. Total 3,370 acres.

Mr. Wm. Garrett informs us that the Mail Bags which were stolen, were not found at his Stables.

A Blacksmith is wanted at Ewalt's Cross roads, a short distance South of Lairs' Station. A good shop has been built. Apply to Dr. J. J. Adair.

Wm. Smith, Esq., our County Assessor, has just finished the assessment of the county. He has energy.

The darbies celebrate the XV. Amendment to-morrow, the 6th inst., in Cynthiana. We understand that they will have a big dinner, a band of Music, and a dance. It is hoped that Bishop Johns will be left out. A friend of ours wishes to know how to keep potatoes from sprouting or wrinkling up in the Spring of the year. Will some person give us an answer.

## Suit for Damages.

The jury in the whisky case of Frazier, Shawhan & Co., of Harrison, vs. Macklin, of Frankfort, which was tried in Woodford Circuit Court, failed to agree. Seven were for the plaintiffs and five for the defendant. Macklin had a bonded warehouse in which was stored a quantity of plaintiff's whisky; the warehouse and contents were destroyed by fire, and Frazier, Shawhan & Co., bring suit to recover \$50,000 damages.

## Fire in Grant County.

The residence of Mr. Ross Kendall, between Crittenden and Williams town, in Grant county, four miles from the former place, caught fire from a defective pipe on Saturday evening last, and was completely destroyed. The building was worth about \$3,000.

## Paris Items.

Next Saturday the Democracy of Bourbon hold a primary election at every precinct, and choose candidates for the August election.

The Democracy of Bourbon met at their court-house last Monday, and in faciliations call kindly on Mr. Beck to become a candidate, and permit the use of his name again for Congress.

## County Court Day at Paris.

Last Monday was County Court Day at Paris, and we are informed by A. W. Lydick, that there was but little on the market, but sold at fair prices. Sold one Bay Harness Gelding for D. A. Givens, of our city, for \$230—one do. for Dudley Barrett, for \$210—one saddle mare for Chas. Kimbrough, for \$187—other horses sold from \$100 to \$200—one bunch yearling steers, \$48 80, about 7 cents. Day warm. Crowd small. Feeling good.

## Newport Items.

A company is now forming for the construction of the Licking and Big Sandy Railroad. The road commences at Newport and will follow the course of the Ohio river, passing through the counties of Campbell, Pendleton, Bracken, Mason, Lewis, Greenup and Boyd, and meet the Virginia road at the mouth of Big Sandy river. Between Maysville and Springfield opposite Portsmouth, work has already been done upon the route, at a cost of several hundred thousand dollars, which is now in a good state of preservation and of the value of at least \$200,000.

## King's Vegetable Ambrosia.

"The half blown rose is lovelier than the bud. And fresh and pure as earliest beads of dew."

It is from such exquisite flowers that the rare and delicate perfume is procured for King's Vegetable Ambrosia. Antoine Chiriz, at Grasse, in the South of France, is constantly extracting it from the flowers of that sunny region and shipping for the manufacturers of this great American cosmetic.

## Covington Items.

The attachment against John A. Goodson and Thomas Reed, for contempt of court, was tried by Judge Ballard on Saturday, in Covington. Goodson is a deputy sheriff, and had a bench warrant from the Criminal Court of Kenton county, for the arrest of James W. Campbell, one of the witnesses in the tobacco conspiracy cases, in Judge Ballard's court. The officer proceeded to the United States Court-room, accompanied by Reed, for the purpose of arresting Campbell. Reed was anxious that the arrest should be made, and urged Goodson to perform his duty by taking Campbell into custody. Goodson, however, was a little shaky about the business, and to guard against consequences, informed Colonel Wharton, the District Attorney, that he had come to arrest Campbell. Colonel Wharton told him he had no authority to make the arrest in the Court-room, and Goodson communicated this state to Reed, who was present. Whereupon the latter asked contemptuously who Wharton was? The Court thought that this of itself was sufficient to show that Reed intended to show disrespect to the Court. The attachment was discharged as to Goodson, and it was ordered that Reed be confined in the city jail until last Tuesday at noon. Mr. Reed subsequently filed a dispatch calling him to the bed side of a dying sister, and he was bailed to answer May 12th.

Mr. William Asmann, an engraver at Duhrme's jewelry establishment in Cincinnati, committed suicide on Saturday night or Sunday morning. It is not certainly known which, at the jewelry store of his brother, Mr. Chas. E. Asmann, on Madison street, near Sixth, in Covington, by shooting himself through the head with a revolver. The ball entered his forehead and must have produced death almost instantly, as there were no evidence that he had struggled the least bit after the fatal shot was fired. He left no letter stating why he committed the rash act.

We learn that the pardon of S. S. Newman was forwarded from Washington, on Tuesday May 3d, to Gen. Eli Murray, United States Marshal for Kentucky, at Louisville.

Newman, it will be remembered, was convicted at the December term of the United States Court in Covington, of a conspiracy, to defraud the Government, and fined \$11,000. In default of paying that amount he has since been confined in the Covington Jail.

## Ornamental Iron and Bronze Works.

As successful workers in iron, for practical and useful purposes, as well as Ornamental Combined, the firm of Robert Wood & Co., of Philadelphia, are the first upon the American Continent, and their work compares favorably with the finest skill of the old world. They employ 150 of the most skilful workmen in this country, two-thirds of whom have served their apprenticeship under Robert Wood, the Senior Partner, who for the past twenty-five years has given his special attention to the production of his goods, and who, by an honorable course of dealing, has built up a business having no rival in this country, and but few in Europe. They cast an almost unlimited variety of designs, including lions, dogs, and a variety of other animals, most beautiful fountains adorned with statues of water-nymphs, fawns, &c., beside statues of distinguished persons, life size, heroic and colossal. The colossal statue of Henry Clay, cast by this Company and erected at Pottsville, Pa., has received the highest encomiums of English travellers visiting this Country, besides attracting much attention from the lovers of this art in our own country. The casting of statuary in bronze has been instituted only about five years, but within this short period of time has attained such a high degree of excellence and superiority as to bring this establishment in successful competition with the most noted and oldest bronze works of Europe. The colossal statue of Lincoln, cast by Messrs. Wood & Co., lately placed in Union Park, New York, was cast in six pieces, and the whole work of casting and finishing required three months. It is eleven feet high, and the likeness is true and faithfully represented, being the finest bronze casting in the United States. The elegant set of iron stair cases for the Court House in Louisville, Ill., at a cost of \$40,000, is the most superior casting of this kind, probably in the world. The Messrs. Wood & Co. have the largest assortment of all kinds of ornamental iron goods in the United States, which are executed with the express view of pleasing the taste, they combine all the requisites of beauty and substantial construction. Purchasers may rely on having all articles carefully boxed and shipped to the place of destination. Designs will be sent to those who wish to make a selection.
